- Cost Savings
- Reduced Downtime
- Performance
- Flexibility

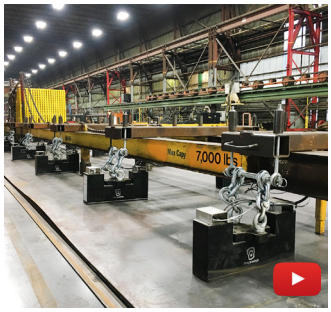

Telescoping Lift System

For customers that need to lift various sheet dimensions, the Magswitch Telescoping Lift System offers adjustability based on the length of the plate being handled.

- ***Shorter plates:*** Activate only the inner magnets.
- ***Medium plates:*** Activate all the magnets with the telescopic arm in the closed position.
- ***Long plates:*** Activate all the magnets with the telescopic arm in the expanded position.
- ***Fail Safe Technology:*** With loss of power, system will not drop plates
- ***De-Stack:*** Wide range of sheet thicknesses.

Model	Approx System Weights (lbs)	Thickness (in) *min.*	Width (in) *Max.*	Length(in) *min.*	Length (in) *Max.*	Lift Capacity (lbs)
8800955	3300	0.197	120	60	240	8800
8800956	6200	0.197	120	120	480	16500
8800957	6600	0.197	120	120	480	22000
8800958	7000	0.197	120	120	480	26400
8800959	8400	0.197	120	120	480	35200

Fixed Lift System

Designed to lift your maximum plate size, the Magswitch Fixed Lift System can be configured with any number of cross members to fit your lifting needs. With zone control, independent activation of cross members allows for picking of varying plate sizes.

- ***Smaller Plates:*** Only internal magnets are switched ON.
- ***Larger Plates:*** All the magnets are switched ON.
- ***Fail Safe Technology:*** With loss of power, system will not drop plates.
- ***De-Stack:*** Wide range of sheet thicknesses.

Model	Approx System Weights (lbs)	Thickness (in) *min.*	Width (in) *Max.*	Length(in) *min.*	Length (in) *Max.*	Lift Capacity (lbs)
8800960	1650	0.197	120	20	240	4400
8800961	2650	0.197	120	100	240	8800
8800962	3300	0.197	120	100	480	11000
8800963	4000	0.197	120	100	480	16500
8800964	5500	0.197	120	100	480	22000
8800965	6200	0.197	120	100	480	26400
8800966	7300	0.197	120	100	480	35200

Other options available upon request!

Battery Operated Lift System

For the customer needing to lift plates of various sizes where power is not available.

- Applications in Mobile Boom Truck, Fork Lift and Overhead Crane/Hoist
- Varied lifting capacities offered

Looking for Custom Solutions?

If you have a custom application or an odd problem that needs a solution, Magswitch lifters can be adapted to existing spreader bars or retrofitted to keep conversion costs down.
