DURABOX

FEATURES

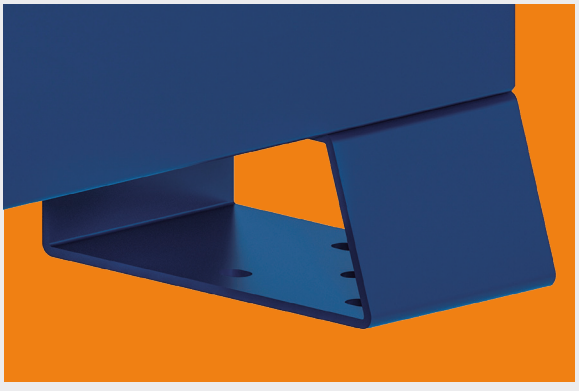

16-GAUGE STEEL CONSTRUCTION

Arc-welded seams ground to a smooth, perfect finish.

SINGLE PADLOCK

Single padlock security system with recessed housing to prevent opening with bolt cutters.

BOLSTERS

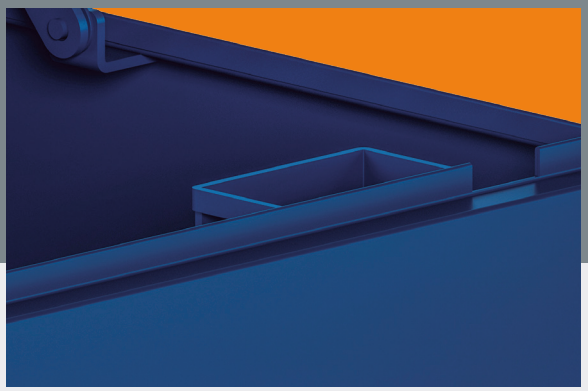

Pre-drilled with 4 ovals for mounting optional 4” or 6” casters and 1 oval for caster lubrication, 3/16” bolsters offer 4-way skid access.

POWDER COATING

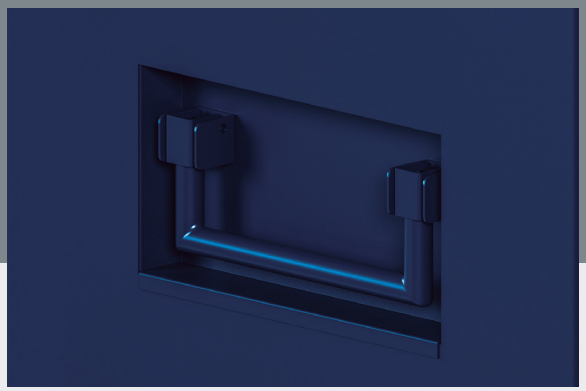

Baked-on powder coating for increased resistance to corrosion and weather damage.

Durabox provides protection from theft and weather for your valuable tools and equipment at the jobsite. From Chest to Field offices, Durabox's innovate design and versatility offer strength and durability for top security and ideal storage solutions.

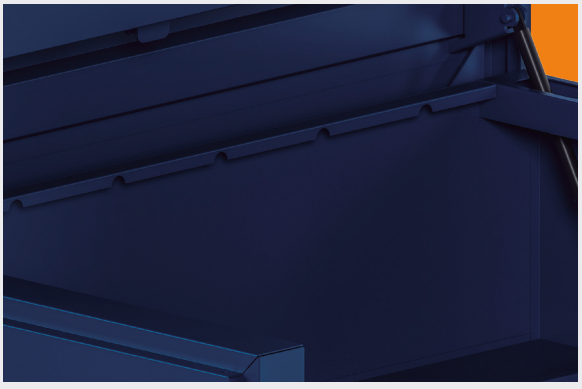

RIGID SECURITY

Formed sidewall design allows door or lid to overlap when closed, offering added security, along with protection from weather damage.

RECESSED HANDLES

Out of the way for easy storage.

PIANO HINGES

Full-length, welded piano hinges with secure pins.

LID LATCHES

3-and 2-point lid latches reinforced with steel plates to prevent pry-in access.
